RE: Appeal of Landmarks Preservation Commission decision designating:  
2018-2036 University Avenue  
City of Berkeley Landmark

Dear Members of the City Council:

Our company wishes to go on record as being against the designation of the UC Theater as a landmark.

The exterior of the building is not only ordinary but very unattractive, and in my mind, does not meet the standards that the Commission should be upholding in designating landmark status to buildings.

Thank you for your consideration.

Respectfully submitted,
