To: Honorable Mayor and
Members of the City Council

From: Councilmember Darryl Moore

Subject: Traffic Circle at Mathews St. & Oregon St.

RECOMMENDATION:

Reaffirming that a traffic circle at the intersection of Mathews St. & Oregon St. will be included in next phase of traffic calming measures.

BACKGROUND:

During the September 13th, 2005 City Council meeting Councilmember Moore requested the addition of a traffic circle at Mathews St. & Oregon St. to the second phase of the traffic circle program. Due to the lateness of the request in the process, this location was unable to be added to phase 2, but Councilmember Moore was assured that it would be included in the next cycle of traffic calming. In the 2007 Adopted Budget, there was \$200,000 allocated for various traffic calming measures.

Due to a recent resurfacing as this particular stretch of Oregon St. as being a significant traffic safety concern, this item is merely to ensure that the traffic circle location at Mathews St. and Oregon St. is to be included as one of the projects for this traffic calming allocation.

FINANCIAL IMPLICATIONS:

To be determined.
