

Laurie Capitelli

*Berkeley City Council
District 5*

CONSENT CALENDAR

December 12, 2006

To: Honorable Mayor and
Members of the City Council

From: Councilmember Laurie Capitelli

Subject: Update on Communicating the City of Berkeley's Concerns Regarding the
University of California's Southeast Campus Integrated Project

RECOMMENDATION

Request the City Manager present a brief update at the December 12, 2006 Council meeting about the public information efforts regarding the City's response to the University of California's Southeast Campus Integrated Project.

BACKGROUND

Because the City of Berkeley has taken a public position on their concerns about the seismic safety of the UCB SCIP proposal, and because members of the public will undoubtedly engage the Mayor and Council in a community discussion of the City's position, it is important for the Council to know how City staff is planning on disseminating information to the public.

A brief presentation on December 12, before Council recesses for the holidays, would be timely.

FINANCIAL IMPLICATIONS

None.
