RECOMMENDATION:

Adopt a Resolution approving the final map of Tract Map 7547, a twenty-unit residential and commercial condominium located at 2616-2020 Telegraph Avenue.

FISCAL IMPACTS OF RECOMMENDATION

No cost to the City. All permit and map fees are paid by the developer.

CURRENT SITUATION AND ITS EFFECTS

The Planning Commission approved a tentative map on July 28, 2004. The tentative map is valid for a period of 24 months from the date of the Notice of Decision. Prior to selling any units in the condominium, State law and City ordinances require the owner to submit a final map to the Council for approval. The owner has submitted a final map for this project and is now seeking approval of this map by the Council. Construction of the units has been completed.

BACKGROUND:

On July 28, 2004 the Planning Commission voted to approve the application of 2616 Telegraph Avenue, LLC owner of the property, for a twenty-unit residential and commercial condominium project located at 2616 Telegraph Avenue.

Section 21.36.080 of the Berkeley Municipal Code requires City Council approval of all final map subdivisions. In addition, pursuant to Section 66474.1 of Division 2 of the Government Code, the legislative body of the agency responsible for approving a final map must approve a final map if it is found to be in substantial compliance with the approved tentative map.

All conditions of approval have been completed to the satisfaction of the City Engineer as well as the Planning and Development Department. The map has been examined by Engineering staff and has been determined to be in substantial compliance with the approved tentative map.

The purpose of the final map is to provide a record of the survey of the underlying property, and does not constitute the approval of a proposed or existing structure upon the property. Separate action is required for this approval, which has been obtained by virtue of use permits and buildings permits.

RATIONALE FOR RECOMMENDATION
