### CONSENT CALENDAR

February 15, 2011

To: Honorable Mayor and Members of the City Council

From: Councilmember Kriss Worthington  
 Councilmember Jesse Arreguin

Subject: Temporary Operation Extension for the Warm Water Pool

#### RECOMMENDATION

A high priority budget referral to the City Manager to provide funding to extend operation until actual construction absolutely requires operation to cease and to post a notice at the pool that operation will continue after June.

#### BACKGROUND

The warm water pool was slated to close in June 2011. Possible construction delays could result in at least six months of non-operation, thus needlessly denying residents access and use of the pool. The pool serves a diverse group of users, including many disabled and elderly residents. Therefore, it is crucial that operation of the warm water pool be temporarily extended and that the community is aware of the extension.

#### FINANCIAL IMPLICATIONS

Continuation of prior years' funding.
