PRIVATE SEWER LATERAL DEFICIENCY REPORT

Application No.: 07-00000345

Date: FEBRUARY 6, 2007

Applicant: LAWRENCE LEE

Parcel #: 051-123456-00-00

Property Address: 3421 OCEAN WAY, BERKELEY, CA 94701

Mailing Address: 3421 OCEAN WAY, BERKELEY, CA 94701

The condition of the private sewer lateral (PSL) of the below referenced property has been reviewed based on the following submitted information:

- Videotape or DVD of the private sewer lateral
- Documentation of repair/replacement work done or of the age of the PSL
- Other:

This report is to notify you that the following problem(s) was identified, and corrective action as noted below (in accordance with City standards for private sanitary sewer laterals) is required. **Corrective action for each problem is shown in parentheses.** Until such corrective action is completed and accepted by the City, the subject sewer lateral does not comply with the City of Berkeley Municipal Code Chapter 17.24.

- Evidence of obstruction, structural defects, or offset joints (repair or replacement required)
- Insufficient cleanouts either at the building, the back of the curb, or both (installation of cleanout(s) required)
- Non-sanitary sewer connection to sewer lateral (disconnect all non-sanitary connections)
- Submitted documentation does not meet requirements (see Other below)
- Video submission does not meet requirements for submittal (re-submit in accordance with SLP Standard 1)
- Other:

For repair or replacement of the PSL, it is necessary to obtain a PSL permit prior to the commencement of work. The PSL permit may be obtained from the City of Berkeley's Planning Department, Permit Service Center, at 2120 Milvia Street, Berkeley.

If you have any questions regarding this report, please do not hesitate to call the program staff at (510) 981-6423.
